

Conditions for entry of persons to the territory of the Czech Republic in accordance with the Ministry of Health Protective Measure
- based on the nationality of the person (category of persons) and at the same time based on the country from which the person enters

1. **Entry from a green country – included in the countries with a low risk of COVID-19 transmission list:** same conditions as prior to the COVID-19 pandemic
2. **Entry from an orange country – included in the countries with a low risk of COVID-19 transmission list marked with *:** conditions in relation to the COVID-19 pandemic prior to the entry to workplace or an educational institution
3. **Entry from a red country (after stay longer than 12 hours) – not included in the countries with a low risk of COVID-19 transmission list:** conditions in relation to the COVID-19 pandemic listed below

STATE OF EMERGENCY: at the current moment valid from 05. 10. 2020 until 22. 1. 2021 and other measures and restrictions are applicable.

A. Citizen of the Czech Republic

- they may enter the Czech territory at any time
- they must observe all measures taken in relation to the state of emergency

Category of persons	Conditions for entry to the Czech territory besides the valid proof of Czech citizen's identity	Obligations in relation to the COVID-19 pandemic in cases where the entry is done from <u>a red country</u> where you stayed <u>longer than 12 hours</u> in the last 14 days
A.1 Czech citizens		<ol style="list-style-type: none"> 1. you have the obligation to fill in the electronic Public Health Passenger Locator Form available at www.prijezdovyformular.cz, which serves as a high-risk country arrival announcement to your locally competent regional public health authority (hygiene station) 2. you must submit a document confirming the above mentioned electronic form at the border control or residence check 3. you must undergo an RT-PCR test for the presence of SARS-COV-2 on own expense within 5 days of entry to the Czech territory 4. afterwards you must submit the test result without delay to the locally competent regional public health authority (hygiene station) <p>► Until the PCR test result submission there is: 1. a free movement restriction to necessary journeys only in the Czech territory* + 2. obligation to wear</p>

		<p>respiratory protective equipment (face masks) in the Czech territory.</p> <p>CAUTION: if you do not submit the RT-PCR test result to the hygiene station within 7 days from your entry to the Czech territory, a necessary quarantine measure shall be ordered to you. Instead of the Czech RT-PCR test, it is possible to submit RT-PCR test result undergone in an EU+ country. The test cannot be undergone more than 72 hours before the entry**.</p>
<p>A.2 International transport workers</p> <ul style="list-style-type: none"> • truck drivers (not haulers) • bus drivers • aircraft crews performing aerial work • train drivers, train crews and carriage inspectors • ship captains and cargo vessel crew members • crew of vehicles of road managers • drivers of a vehicle up to 9 persons and empty journeys associated with those transportations; external driver of a vehicle up to 9 persons, but only in cases of alternation of ships' captains and vessel crew members 	<ul style="list-style-type: none"> - confirmation of international transport workers (template at the MoI website) - proof of driver's professional competence - contract of contractual transport (attention, this only applies to drivers of cargo vessel crews on their way to work), or employment contract (for other drivers) 	<p>It is obligatory neither to fill in the Public Health Passenger Locator Form prior to entry, nor to undergo the RT-PCR test after the entry.</p> <p>► For the duration of 10 days from the entry there is: 1. a free movement restriction to necessary journeys only in the Czech territory* + 2. obligation to wear respiratory protective equipment (face masks) in the Czech territory. The free movement restriction may be terminated earlier by submitting the PCR test result.</p>
<p>A.3 Diplomats and international organisation officials</p> <ul style="list-style-type: none"> • holders of diplomatic passports travelling to the Czech Republic for no more than 14 days for the 	<ul style="list-style-type: none"> - diplomatic passport issued by CZ - service passport issued by CZ - MEP card - service card, employee card of an international organisation - meeting invitation of CZ subject 	<p>► For the duration of 10 days from the entry there is: 1. a free movement restriction to necessary journeys only in the Czech territory* + 2. obligation to wear respiratory protective equipment (face masks) in the Czech territory. The free movement restriction may be terminated earlier by submitting the PCR test result.</p>

<p>purpose of diplomatic service</p> <ul style="list-style-type: none"> international organisation officials registered at the Ministry of Foreign Affairs 	<p>- a travel order or other proof of the official purpose of the travel</p>	<p>▲ Only if the planned duration of your stay in the Czech territory shall exceed 14 days (otherwise it is not obligatory to fill in the Public Health Passenger Locator Form or to undergo the RT-PCR test):</p> <ol style="list-style-type: none"> 1. you have the obligation to fill in the electronic Public Health Passenger Locator Form available at www.prijezdovymformular.cz, which serves as a high-risk country arrival announcement to your locally competent regional public health authority (hygiene station) 2. you must submit a document confirming the above mentioned electronic form at the border control or residence check 3. you must undergo an RT-PCR test for the presence of SARS-COV-2 on own expense within 5 days of entry to the Czech territory 4. afterwards you must submit the test result without delay to the locally competent regional public health authority (hygiene station) <p>▶ Until the PCR test result submission there is: 1. a free movement restriction to necessary journeys only in the Czech territory* + 2. obligation to wear respiratory protective equipment (face masks) in the Czech territory.</p> <p>CAUTION: if you do not submit the RT-PCR test result to the hygiene station within 7 days from your entry to the Czech territory, a necessary quarantine measure shall be ordered to you. Instead of the Czech RT-PCR test, it is possible to submit RT-PCR test result undergone in an EU+ country. The test cannot be undergone more than 72 hours before the entry**.</p>
<p>A.4 <i>Holidays: Czech citizens who travelled with a tour operator or via a travel agency to regions specifically indicated in the countries with a low risk of COVID-19 transmission</i></p> <p>▶ This exception is not currently applicable.</p>	<p>- proof of travel with a tour operator or a travel agency</p>	<p>It is obligatory neither to fill in the Public Health Passenger Locator Form prior to entry, nor to undergo the RT-PCR test after the entry.</p> <p>▶ For the duration of 10 days from the entry (or for the duration of stay in the Czech territory shorter than 24 hours) there is: 1. a free movement restriction to necessary journeys only in the Czech territory* + 2. obligation to wear respiratory protective equipment (face masks) in the Czech territory. The free movement restriction may be terminated earlier by submitting the PCR test result.</p>
<p>A.5 Journey from / to the Czech Republic for the period of time not exceeding 24 hours for the purpose of essential travel</p>	<p>- the duration of the stay in / outside of the Czech territory must not exceed 24 hours - essential travel only</p>	

<p>A.6 Cross-border workers, pupils and students working or studying in the neighbouring countries</p>	<p>- proof of a regular (at least once a week) state border crossing for the purpose of work performance or education; e.g. employment contract or a cross-border workers confirmation and a cross-border pupils and students confirmation (template at the MoI website)</p>	<p>It is obligatory neither to fill in the Public Health Passenger Locator Form prior to entry, nor to undergo the RT-PCR test after the entry.</p>
---	--	---

		<ol style="list-style-type: none"> 3. you must undergo an RT-PCR test for the presence of SARS-COV-2 on own expense within 5 days of entry to the Czech territory 4. afterwards you must submit the test result without delay to the locally competent regional public health authority (hygiene station) <p>▶ Until the PCR test result submission there is: 1. a free movement restriction to necessary journeys only in the Czech territory* + 2. obligation to wear respiratory protective equipment (face masks) in the Czech territory.</p> <p>CAUTION: if you do not submit the RT-PCR test result to the hygiene station within 7 days from your entry to the Czech territory, a necessary quarantine measure shall be ordered to you. Citizens with long-term or permanent residence permit in the EU (C.2.1 and C.2.2): Instead of the Czech RT-PCR test, it is possible to submit RT-PCR test result undergone in an EU+ country. The test cannot be undergone more than 72 hours before the entry**.</p>
<p>C.3.6 Partner – with a demonstrably lasting relationship (which is not marriage) with a Czech citizen, based especially on living in the common household</p> <p>Partner – with a demonstrably lasting relationship (which is not marriage) with an EU citizen, who is a holder of certificate of temporary residence or permanent residence permit in the Czech Republic, based especially on living in the common household</p>	<p>- permission to enter the Czech territory (visa-free travel, residence permit in another EU state, visa previously issued by CZ or another EU state)</p> <p>PLUS</p> <p>- confirmation by the Czech Ministry of Foreign Affairs: will be issued based on the declaration of honour of partnership, together with a proof of partnership and of sharing the common household (e.g. lease agreement, shared bank account, joint loan, proof of shared holidays in the past)</p>	<ol style="list-style-type: none"> 1. you have the obligation to fill in the electronic Public Health Passenger Locator Form available at www.prijezdovyformular.cz, which serves as a high-risk country arrival announcement to your locally competent regional public health authority (hygiene station) 2. you must submit a document confirming the above mentioned electronic form at the border control or residence check 3. you must undergo an RT-PCR test for the presence of SARS-COV-2 on own expense within 5 days of entry to the Czech territory 4. afterwards you must submit the test result without delay to the locally competent regional public health authority (hygiene station) <p>▶ Until the PCR test result submission there is: 1. a free movement restriction to necessary journeys only in the Czech territory* + 2. obligation to wear respiratory protective equipment (face masks) in the Czech territory.</p> <p>CAUTION: if you do not submit the RT-PCR test result to the hygiene station within 7 days from your entry to the Czech territory, a necessary quarantine measure shall be ordered to you.</p>

D. Persons travelling to the Czech Republic from the United Kingdom of Great Britain and Northern Ireland (UK)

Category of persons	Obligations in relation to the COVID-19 pandemic in cases where the entry is done from <u>the UK</u> where you stayed <u>longer than 12 hours in the last 14 days</u>	Exceptions from these conditions of entry
<ul style="list-style-type: none"> ➤ Czech citizen ➤ EU citizen ➤ Third country citizen (including an UK citizen) with residence permit issued by the Czech Republic ➤ Third country citizen (including an UK citizen) with long-term or permanent residence in an EU Member State ➤ Third country citizen (including an UK citizen) travelling visa-free for reasons listed in the Ministry of Health's Protective Measure 	<ol style="list-style-type: none"> 1. prior to your entry to the Czech Republic you have the obligation to fill in the electronic Public Health Passenger Locator Form available at www.prijezdovyformular.cz and thus announce your arrival from the UK to your locally competent regional public health authority (hygiene station) 2. prior to the start of your journey to the Czech Republic you have the obligation to submit a written confirmation of a negative antigen test or RT-PCR test for the presence of SARS-COV-2 issued by an accredited laboratory, given that the test was undergone in the UK territory maximum 72 hours prior to the start of your journey to the Czech Republic 3. you must undergo a RT-PCR test for the presence of SARS-COV-2 on own expense between the 5th and 7th day from the entry to the Czech territory 4. afterwards you must submit the test result without delay to the locally competent regional public health authority (hygiene station) <p>▶ For the duration of 10 days from the entry, and until the PCR test result is submitted or the quarantine measure is terminated, there is: 1. a free movement ban in the Czech territory with the exception of trips absolutely necessary to procure basic necessities of life, to take care of children or to take care of animals, the use of necessary financial and postal services, refuelling vehicles, and trips to medical facilities and welfare facilities; + 2. obligation to wear respiratory protective equipment (face masks) in the Czech territory.</p>	<p>These conditions for entry do not apply to international transport workers. They may continue to enter the Czech territory without the obligation to fill in the electronic Public Health Passenger Locator Form and without the obligation to submit a confirmation of a negative antigen or RT-PCR test result.</p> <p>NOTE: these conditions for entry apply only to those persons who have spent more than 12 hours in the UK – meaning that e. g. persons transiting through the UK only (e. g. by air from the US) follow the conditions of entry mentioned in respective categories above.</p>

* A free movement restriction to necessary journeys only in the Czech territory means limitation of movement with the exception of a) journeys to work, work performance and educational institution; b) journeys absolutely essential for obtaining basic needs, for ensuring child care, for ensuring animal care, for using necessary financial and postal services, refuelling; c) journeys to medical facilities and social services facilities; d) journeys for the purpose of handling of urgent official matters; e)

Valid from 5. 1. 2021 00:00

journeys back to place of residence; and f) funerals, for a period of time until the PCR test result is submitted to a regional hygiene station according to place of stay or for the duration of the necessary quarantine measure or for the duration of 10 days from the entry to the Czech territory.

**** Citizens of the Czech Republic, EU and citizen of the third countries** with permitted long-term or permanent residence in the European Union, are allowed to meet the requirement of submitting themselves, at their own expense, to an RT-PCR test for the presence of SARS CoV-2, by presenting a negative result of RT-PCR test for the presence of SARS CoV-2, which has been undergone in the territory of the EU member state not longer than 72 hours before the entry to the Czech territory; the test result is submitted immediately on entry into the territory of the Czech Republic to a regional Public Health Office.

▶ In case of doubts of what is and what is not an **urgent emergency situation** and how to prove it, it is possible to send a query to the information e-mail of the Ministry of the Interior: cestovani.covid19@mvcz.cz. The reply may be used as one of the supporting documents (not as an official confirmation) when entering the Czech Republic.

▶ ▶ **Obligations in relation to the COVID-19 pandemic (Public Health Passenger Locator Form or RT-PCR test) do not apply to children below the age of 5.**
